BARTEC

TC 75X^ex Touch Computer

for hazardous areas Zone 2/Div. 2

TC 75X^{ex} Touch Computer

Power button

108 db extra loud loudspeaker

Scan button

PTT Push-to-talk button

Gorilla Glass 2 Screen with 1280 x 720 pixel

Extremly robust housing IP 67 and MIL-STD 810 g (2.4 m)

Bluetooth v4.1 LE

Noise cancellation microphone system

Barcode scanner SE4750 1D/2D

Loop for handstrap

High quality 13 MP camera with autofocus

Volume buttons

Temperature range from -20 °C to +50 °C

4G support for clearest connectivity

Hot-swap battery with 3.7 V/4620 mAh

Dual Sim 2 x Nano Sim 1 x SIM/SAM

WiFi 802.11a/b/g/n/d/h/i/k/r

The toughest device at the hazardous market for Zone 2/Div. 2 with NFC

In today's world, it takes the best customer service to earn a sale and repeat business. In order for your front line workers to consistently deliver that level of service, they'll need to execute every task as quickly and eiciently as possible. With a mobile computer in hand, they can. But you need a business-grade device with enterprise- class durability and functionality. While workers inside the four walls and out in the field want a device that is every bit as reined and easy to use as their own personal smartphones and tablets.

Introducing TC 75X^{ex} – the touch computer that has it all.

This professional grade device marries the intuitive and elegant smartphone experience with today's most advanced enterprise-class features. Your workers get everything they need to work smarter and faster, able to deliver the kind of service that will put your business a step above the competition. You get a rugged device built to last for years, only Android Mobile Enterprise operating systems, with everything you need to stream-line your workflows and maximize your return on investment – from world-class voice and data features to snap-on accessories that let you add new capabilities, when and where you need them.

Lightning-fast barcode capture

Zebra-only patented PRZM technology, a megapixel sensor and advanced optics allow your workers to capture barcodes as fast as they can press the scan button.

Let your workers change input modes on the fly

Throughout the day, your workers will perform different tasks. Our dual mode capacitive touch display allows workers to choose their preferred pair of data input modes – finger and stylus, or finger and gloved finger – and switch between the two modes on the fly.* No need to change settings – and users can change pair selection at any time.

*Glove support and dual mode touch panel are available on Android only.

The right device for your workers.

Business Tough
The TC 75X^{ex} gives your workers an edge by combining the amazing ease of use of a consumer device with the no-nonsense durability, dependability and performance that enterprises demand.

Drop tested
Everyday drops are inevitable – the TC 75X^{ex} is ready to handle them all with its 8 ft./2.4 m Military Standard drop rating or multiple 6 ft./1.8 m to concrete certification.

Tumble tested
The TC 75X^{ex} easily handles the real-world tumbling that often happens after a device is dropped. Even after 2,000 consecutive 3.2 ft./1 m hits in our punishing tumble drum, the TC 75X^{ex} continues to operate dependably.

IP 67 sealing
Dust, spilled beverages and even a drop in a bucket of water are no match for the TC 75X^{ex}. The device is dust-tight and sealed to handle 30 minutes of complete immersion in water.

### Corning® Gorilla® Glass touch panel and scanner exit window
Two of the most vulnerable components on any mobile device are fortified with one of the toughest materials available. With Gorilla Glass, our touch panel and scanner exit window can flex when bumped or dropped – instead of shattering or scratching.

The right device for your business.

The world's fastest cellular connections
With 4G LTE support, the TC 75X^{ex} gives workers anywhere in the world a robust wireless connection on the world's fastest cellular data networks. In addition, The TC 75^{ex} supports up to three SIM cards on three different networks, enabling constant connectivity for field personnel who cover large areas or different countries supported by multiple carriers.

Mobility DNA
Every strand of the TC 75X^{ex} with Android mobility platform is simpler with Zebra's Mobility DNA. That's because, from the start, you get the indus-try's most comprehensive suite of mobility must-haves to accelerate and simplify your mobility solution. You get more ready-to-use off-the shelf end-user apps that allow you to start reaping the value of our mobile devices right away. You get robust utilities that make device management and application development easier than ever, driving costs down and the value of the TC 75X^{ex} up. And you get utilities that allow your workers to capture data more quickly and easily, improving device adoption rates and workforce productivity.

Unique features

– Extreme rugged

– Dual Sim Slot

– Exchangeable strong battery

– Integrated scan functionality

– High quality integrated camera

– Professional accessories

Comparison: TC75 and TC75X^{ex}

TC75		TC75X^{ex}
1 GB RAM/8 GB Flash		4 GB RAM/32 GB Flash
Android 5.1 (Lollipop)		Android 8.0 (Oreo)
1.7 GHz dual core processor		1.8 GHz hex core processor (Snapdragon 650/Android-M)
8-MP-Autofokus		13-MP-Autofokus
Up to 64 GB – SDXC		Up to 128GB – SDXC
IEEE 802.11a/b/g/n/d/h/i/k/r		2x2 MIMO, IEEE 802.11a/b/g/n/ac/d/h/i/r
5 GHz: 802.11a/n bis zu 150 Mbit/s, 2,4 GHz: 802.11b/g/n bis zu 72,2 Mbit/s		5 GHz: 802.11a/n/ac bis zu 866,7 Mbit/s 2,4 GHz: 802.11b/g/n bis zu 144 Mbit/s
